

Paper title

A. Author* and B. Author**

*Address of author 1 + email address: name@domainname

** Address of author 2 + email address: name@domainname

Abstract

The abstract should be written in a single paragraph of 100-200 words. Do not put equations or references in the abstract. Do not include keywords.

1 Title

Papers prepared using Latex should be submitted electronically as a “.pdf” file only.

The first paragraph of a section and sub-section should not be indented. All text including the abstract but excepting reference list, figure and table titles should be left and right justified. Omit page numbers.

Second and subsequent paragraphs indented. Do not leave blank lines between paragraphs.

Use Harvard referencing system e.g. Barlow and Hunter (1960). Avoid footnotes. Equations should be numbered consecutively, centred as below, and properly punctuated:

$$\text{var}(Y) = \sigma_T^2 + T^2 \frac{1 - F_X(T)}{(F_X(T))^2}. \quad (1)$$

Where equations are not on a separate line but in the paragraph text as for example, $\mu = T/F_X(T)$, ensure that paragraph line spacing does not change. Ensure equations’ font size is 11pt for main symbols, 8pt for subscripts, 6pt for sub-subscripts.

1.1 Sub section titles should be non-bold italic

Sub-sub sections should be avoided. Theorems and remarks should be formatted as follows:

Theorem 1. *This is a theorem.*

Remark title should be not bold but italic.

Remark 1. This is a remark.

Regarding bulleted and numbered lists, please avoid them, but if they must be used they should be formatted as follows

- with bullet and number symbol against left margin.
- Ensure that text in bullets is properly punctuated.

Figure 1 shows an example figure.

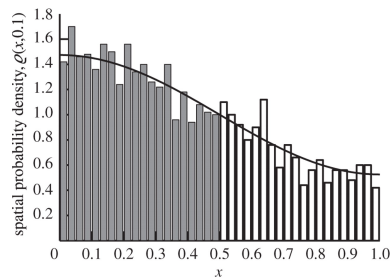

Figure 1: Table titles should be the same (title centred below table, 11pt font, 14pt exact spacing), except for situation which should be above the table.

Appendix

An appendix should precede the references but follow acknowledgements section if applicable.

The reference list should be formatted as below. Book titles should be italicized. Edited book or proceedings should be italicized.
